Dear Tom, Myron, and Judy:

I would like to thank EGS for providing funding for the 2009 SciGirls Summer Camp program. We, including Tom, presented the checks to camp coordinators Kim Kelling-Engstrom and Pat Dixon on April 8, and they were very appreciative of the support and efforts provided by the Blueprint Team.

Again, thank you for helping support the education of our future leaders in science, technology, engineering, and mathematics! Maybe a sinkhole will open up in a timely fashion which can be used to further their scientific experiences....

Sincerely,

Dave Bright  
Blueprint 2000 Planning Manager
